J. P. HASKELL SUCCESSOR OF McD FERGUSON

GOV. APPOINTS BRECKIN-
RIDGE MAN COMMIS-
SIONER.

SUPERINTENDENT CRABBE
MAY SUCCEED PROFES-
SOR ROARK.

Frankfort, Ky., June 24. (Special.)—Governor Willson today appointed John P. Haskell, of Breckinridge county, railroad commissioner from the First district to succeed the late MacD. Ferguson. He will hold the office till the election in November. Haskell was floor leader of the Republicans in the last house of representatives.

Paintsville, Ky., June 24.—It is stated on good authority that Professor Crabbe, superintendent of public instruction, will resign to succeed the late President Roark, of Eastern Kentucky Normal school.

Want Any Industry.

Louisville, June 24. (Special.)—At a meeting of the board of trade to adopt resolutions urging whiskey interests in prohibition states to locate in Kentucky, a resolution was adopted asking all industries without reference to any special kind to locate here.

Against Prohibition.
At a meeting of the Commercial club last night resolutions were adopted against state-wide prohibition.

Ocean to Ocean.

Seattle, Wash., June 24.—Shawmut second in the ocean to ocean race arrived shortly after midnight. It was delayed by snow in the Cascade mountains near Seattle. Ford number one is expected to finish third today. A Ford was first.

Cholera in Russia

St. Petersburg, June 24.—Official figures place the number of cholera cases here at 312, but careful estimates of those in a position to know show fully a thousand. They are increasing a hundred per day. The situation soon will be as bad as last year. About one-third of the cases prove fatal. The city is becoming panic stricken. The disease is spreading in the provinces.

CHUNG SIN STANDS
FIFTY HOURS' QUIZ

New York, June 24.—For 50 hours the "third degree" was administered to Chung Sin practically without result, except to convince the authorities that Chung knows all about the murder of Elsie Sigel and won't tell. Every story he has told so far has been disproved by the officers or admitted by the Chin to be false.

Chung Sin, under the strain of the heart-breaking third degree method applied by his captors, almost constantly during the fifty hours which have elapsed since his arrest, supplemented his previous confession. Sin, who was Leon Ling's roommate, now admits that his hands were on the pulse of Elsie Sigel when the last sign of life flickered out. Quan Wiek Nam, the Chinese interpreter who wrung from Chung Sin the first known details of how General Franz Sigel's granddaughter was murdered, informed Chung Sin that he could not expect the aid of the Chinese unless he told the whole truth. The fact that his own countrymen had deserted him, greatly disturbed Chung Sin.

For more than an hour before this information was reported to him, the wily prisoner had told a dozen lies about what transpired on the morning of June 9.

Ling's Tong Active.

Chicago, June 24.—Thirty members of Hip Sing Tong, of which Leon Ling was a member, are said to have come here shortly after the Sigel murder and authorities are searching, hoping for a clue to Ling's whereabouts.

Feared He Would Sail.

San Francisco, June 24.—Secretly informed that Leon Ling was in Oakland and might attempt to sail on the steamship Manchuria today, officers went aboard to examine Chinese passengers.

Sen. Bailey Denounces Free Raw Material as Un-Democratic and a Burden on Ultimate Consumers

Probably fair and continued warm weather tonight and Friday. Highest temperature yesterday, 88; lowest today, 55.

KANSAS NATIONAL BANKS PROTECT THEMSELVES

Topeka, Kan., June 24.—Insurance policies will be issued in Kansas after today's meeting of the directors of the Bankers' Guaranty and Surety company, a half million dollars corporation organized by national bankers to counteract the effect of the bank guaranty law. Only state banks are entitled to the advantages of the Guaranty's protection and national banks are losing business as the result. The new concern will protect depositors of national banks against losses.

Fight is Postponed.

Pittsburgh, June 24.—Owing to the illness of Frank Klaus, the fight scheduled for last night between H-go Kelly and Klaus was postponed until Friday evening.

Famous Hotel Burns

Schneetady, N. Y., June 24.—Old Fort William Henry, one of the most noted summer hotels of Lake George, was burned today.

Bryan's Son Weds

Grand Lake, Col., June 24.—A childhood romance culminated today in the marriage of William J. Bryan, Jr., to Helen Berger, of Milwaukee. The Rev. Harry Huntington, of Grate, Neb., a personal friend of the bridegroom, performed the ceremony under the stately pines on the shore of Grand lake. Miss Edna Baker, of Lincoln, and Sam Berger, brother of the bride, were attendants. Only the immediate relatives were present. The honeymoon will be spent here, and the party will leave late in July for Tucson, Ariz. The bride is in frail health.

Hot Tamale and Ice Cream Cone Venders

Police headquarters today was visited by hosts of exalted "knights of the push carts" who want to know what is wanted of them. Chief Collins gave orders to his men this morning to notify all hot-tamale peddlers, barbecue meat, vendors and ice cream cone purveyors to appear at the city hall this afternoon. Before the gathering of cart pushers Mayor Smith, Dr. H. P. Slight, health officer, Dr. Ed Farley, milk and meat inspector, and the board of health appeared and made an effort to find out how these peddlers mix up, put together and prepare the stuff they sell. It is probable that the peddlers will be offered their money paid for licenses and ordered to keep off the streets or conform to sanitary regulations. Dr. E. P. Farley has been

making an investigation of the homes and work shops of some peddlers one tamale man told Mayor Smith he couldn't do enough business to buy a license. The mayor offered to buy him a ticket to some other locality and the man agreed; but he walked to Smithland and secured \$5 for a license.

Black Hand Convicted.

Chicago, Ill., June 24.—Joseph Bertucchi found guilty of participation in the black hand plot, resulting in the killing of a wealthy Italian, was sentenced to 20 years in the penitentiary. During the trial one of the state's witnesses refused to continue his testimony when an unknown Italian in the court waved a red handkerchief.

Shooting Contest

Chicago, June 24.—The grand American handicap begins today. Four hundred and seventy marks-men expect to compete. Gilbert and Crosby are favorites. "Rube" Waddell is an entrant. Mrs. A. D. Topperlein, star of the preliminary events, tied several others, breaking 96 out of 100. She also made the high professional average yesterday of 79 out of 80.

INJUSTICE TO STOWE,
OF BENTON, CORRECTED

Benton, Ky., June 24. (Special.)—Through some unfortunate inadvertence, The Evening Sun was made to say last night in connection with the Model store suit in this city, that Mr. E. A. Stowe had taken the bankrupt law. That is an error, which does Mr. Stowe an injustice. He neither took it nor contemplated it, nor was his credit questioned.

Beveridge Hazed This Morning by Aldrich and Hale, While Making Attack on Tobacco Trust.

Washington, June 24.—Senator Bailey in a speech in the senate today, denounced the doctrine of free raw materials as unjust and un-democratic. It is not the traditional policy of the Democratic party. Free materials takes the burden of taxation from the manufacturer and places it on the consumer. Discussing the iron ore tariff, he attacked the steel trust. It should be dissolved, he said, and its officers prosecuted criminally.

Bank Statement.

Washington, June 24.—The comptroller calls for statements of the condition of national banks at the close of business June 23.

Try to Haze Beveridge.

Washington, June 24. (Special.)—Senator Beveridge made a strong speech in the senate, attacking the tobacco trust's methods. Aldrich, Hale and the reactionaries tried to haze him by leaving the senate.

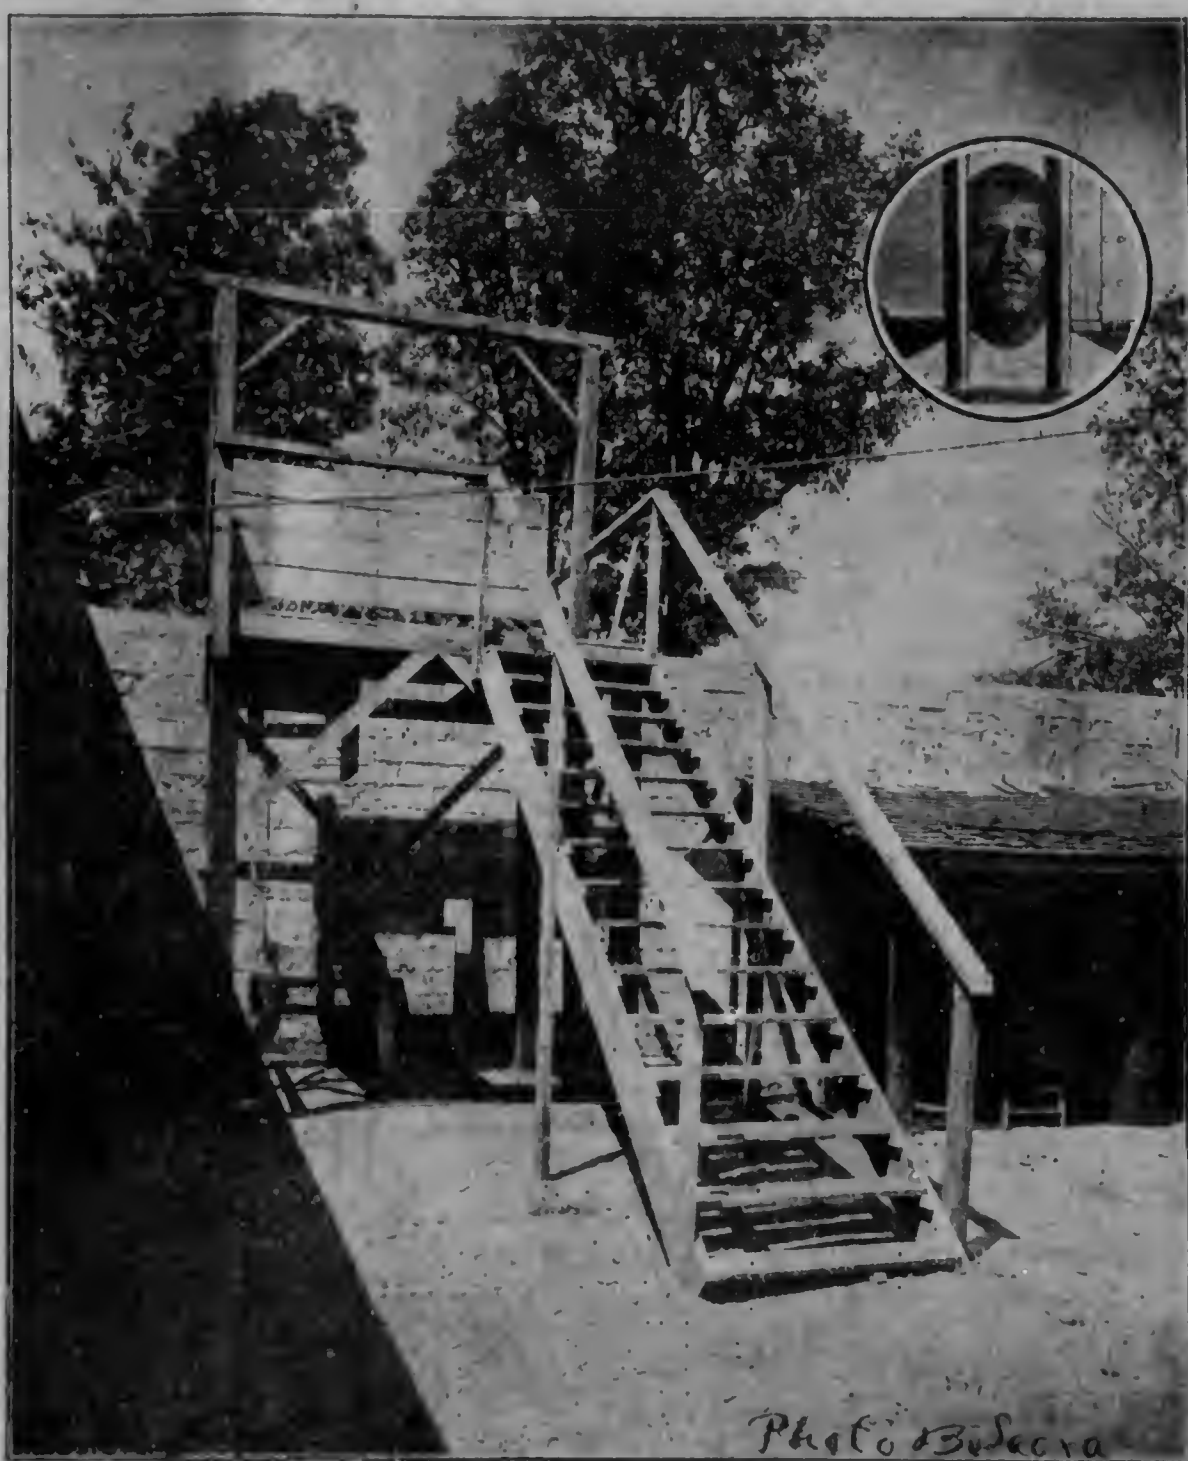

UNKNOWN DEAD MAN MAY
BE A CITIZEN OF CALIF.

Chief of Police Collins received a letter yesterday afternoon from Cairo asking for a detail description of the unknown man who was found dead at Rapperton ten days ago. The writer is S. McGee and he wrote in behalf of a poor woman who is confined to her bed. The woman thought it was her husband, who left Cairo some time ago. The letter gave a description of her husband as being 53 years old, 5 1/2 feet tall, with fair complexion, blue eyes and all his teeth out but two. The man found is about 5 1/2 feet in height and he appeared not to have any teeth. A description of the unknown man will be sent to Cairo immediately.

Civil War Imminent

Constantinople, June 24.—Turkey is facing another revolution in the opinion of close students of national affairs. Friction between Young Turks and military party led by Chief of Pasha is expected to result in a clash in the near future. Young Turks are said to be planning to overthrow Mehmed V, whom they consider merely the tool of Chief of Pasha. They would substitute Prince Yusuf Ezzedin, heir apparent, who is a pronounced liberal. Chief of Pasha is prepared to declare martial law at the first sign of hostility.

Mexico City, June 24.—The Ateneo cotton mills at Guadalupe, burned last night. Loss \$1,000,000. More than 2,000 workmen are thrown out of employment.

CONDEMNED MAN IS DYING AND HIS WORDS OF YESTERDAY ARE RECALLED AS REFERRING TO SELF-DESTRUCTION.

.....
"I HAVEN'T BEEN HANGED YET. I HAVE SOMETHING
OVER 48 HOURS TO LIVE, AND LOTS COULD TAKE PLACE
IN THAT TIME."—Tropic words of George Freeman to a
reporter for The Evening Sun yesterday. A knife and carbide acid
were found in his cell a few weeks ago, and he had previously
threatened to end his own life after hope of mercy was gone.
.....

Dr. Horace Rivers said at 2:30 this afternoon that Freeman may have walked out and face death like a man. When found Freeman was on his bunk and dressed in his under clothing. Scattered about his cell were newspapers and religious papers. County Physician L. E. Young, Patrol Driver Thad Terrell and the jail officials worked with him, but at noon his condition was weaker. Freeman's breathing was heavy.

That it was a case of self-destruction is verified by a letter, which was found in his note book, and probably was the last written by Freeman. He wrote: Paducah, Ky., June 18, 1909. Dear Friend I no I am a Child of God and I am prepared to go but I am not getting and before I would be hung I will leave in this manner and God bless I am not getting Justus. my life was raised away by three witnesses that did not like me at all and I was telling the truth about it and made out a lye but God now I was telling the truth about what I said. Friends I am good to a place of rest my life was hard away but I am due bound to go a place of rest, and hope the ones that swore my life away will meet me in heaven for I no I am going there."

There is a difference among the doctors as to the dose of the poison that Freeman took. Dr. Young believes that he took a large dose. Dr. O. R. Kidd said someone evidently well acquainted with the dose of morphine gave it to Freeman. The physicians were unable to make Freeman vomit.

No Respite.
Several attempts are being made to have the governor grant a respite of the death sentence. This morning Attorney T. N. Hazell, who defended Freeman, sent a telegram to the governor, asking that an extension of time be granted. Dr. J. D. Pendley has written Governor Willson and seeks to have the execution put off until he can present new evidence, which he says has been found. Dr. Pendley declined to give out the information; but says it is sufficient to reduce the penalty from the extreme to imprisonment for life. So says the witness is on the dodge, and does not bear the best reputation; but by the testimony he says it can be proved that Freeman was in a jealous rage.

The Rev. Father H. A. Connolly was one of the first notified of Freeman's condition, and he arrived at the jail about 7 o'clock. Seeing that the man was in a critical condition the sacrament of the extreme unction was administered. This sacrament is administered only when the Catholic is dying as the result of illness, and on the scaffold it would not have been possible to administer it. Father Connolly was shocked by the news and said: "Never was I more impressed with him than yesterday afternoon about 6:30 o'clock, my last visit. He was more hopeful than usual. Freeman told me of the trouble yesterday and said he shot

Dr. L. E. Young, county physician, was the first to reach Freeman's side, and he said: "When I reached him he was totally unconscious, was breathing about six or seven times a minute. The poison had taken the full effect on his system, and he was barely alive."

Dr. J. T. Reddick and Dr. Horace Rivers reached the jail a short time later, and the work of giving antidotes was continued.

The physicians say they do not know what poison he took, because of the similar action of several drugs. The general opinion is that Freeman took morphine.

Hyperdermic injections of cocaine, and other antidotes were given and at 10 o'clock Freeman had rallied slightly. His breathing was stronger, and his respiration quickened to

BAWDY HOUSE FIGHT WINDS UP IN COURT

ALTA ROGERS, WOULDN'T
BAIL ONE INMATE WHO
"PEACHES".

CHARGES LIQUOR WAS SOLD
IN HOUSE--WOMAN IS
FINED.

Alta Rogers, of Eighth street and Biederman avenue, was arrested this morning about 2 o'clock for keeping a disorderly house and was fined \$25 in police court this morning. Alta and two girls, Mina French and Florence Everett, who live with Alta Rogers, and two men, Harvey Keeling and prentice Clox, were arrested this morning about 2 o'clock by Patrolman Morris and Vick for being drunk and engaging in a fight, using profane language and acting disorderly. The charge will be tried before Judge Cross this afternoon. Alta Rogers gave bond last night and also gave bond for Florence Everett. Mina French, who could not give bond, was locked up in the city jail. Alta Rogers accused Mina French of starting the fight and being the one who used the profane language. She also claimed that the French girl was compelled to leave Cairo, because of her bad character. Mina French turned tables on Alta by saying that Alta Rogers sells beer at her house on South Eighth street. The police department is making a thorough investigation of the condition of affairs at the Rogers house, as is claimed by Mina French. Mina French is a girl about 17 years old and claims Cairo as her home.

Count Torak Injured.

Washington, June 24.—Count Alex under Torak, an attaché of the Austrian embassy here, was injured, probably fatally, as the result of a fall from a trolley car which he was attempting to board.

SUITS MUST BE BROUGHT
TO DRAIN THE NORTHWEST.

City Solicitor Campbell and County Attorney Barkley agree that the only way the drainage of that section of the county west of the city can be undertaken as a public project is to bring suit to assess the cost on private property and the county. Any one interested in the drainage may bring suit. This disposes of the proposition of the county and city joining in doing the work and dividing the cost.

Brandy Testifies

New York, June 24.—Broughton Brandenburg today testified to details of his alleged negotiations with Grover Cleveland for the publication of a series of articles on the campaign, the sale of the first of which resulted in Brandenburg's indictment. He said he offered Cleveland \$2,000 for three articles, Brandenburg to keep all over this sum that he received from newspapers or magazines. On March he saw Cleveland at his office and received the matter which he later embodied in an article and published over Cleveland's signature.

Farnum's Story

New York, June 24.—Farnum's story of his acquaintanceship with Mrs. Gould was read in court today. Farnum is ill at a Maine resort. His deposition gives his profession as "supposedly an actor." He said he first met Mrs. Gould six years ago, when he appeared in a charity play. They next met in 1904, when he visited Castle Gould with May Robson. The third meeting was in 1906, when he went to her apartment at the St. Regis hotel to discuss plans for her desire to return to the stage. Elijah Sells, her cousin, was to be present, but did not arrive until Farnum was leaving.

Farnum's deposition says he never hugged and kissed Mrs. Gould. He always addressed her as "Mrs. Gould." He never used endearing tones and swore he never was guilty of impropriety with her and never was alone with her in any apartment.

The Evening Sun's Daily Markets.

Livestock.
 Louisville, Ky., June 24.—Cattle—Receipts 107, for three days 2261. The market was quiet with but little doing, no material change to be noted in prices. Fair inquiry for choice finished butcher cattle, others very drab on Monday's decline. Nothing much doing in the feeder and stocker departments, bulls and canners dull. Milch cows unchanged. No heavy cattle on sale, feeling about steady.

We quote shipping steers \$5 @ 6.25, beef steers \$3.50 @ 5.75, fat hogs \$3.50 @ 5.50, fat cows \$3.25 @ 5, cutters \$2 @ 3.25, canners \$1 @ 2, bulls \$2 @ 4, feeders \$3.50 @ 4.75, stockers \$2.25 @ 4.50, choice milch cows \$3 @ 4.50, common to fair \$1.50 @ 3.50.

Calves—Receipts 247, for three days 572. The market ruled steady, bulk of the best 6 1/2 @ 7c, medium 4 @ 6c, common 2 1/2 @ 4c.

Hogs—Receipts 1,478, for three days 5,787. The market ruled 10c lower on tops and roughs, 165 lbs. and up \$7.50, 130 lbs. to 165 lbs. \$7.20; heavy pigs \$6.65; light pigs almost unsalable, quotable at \$5 @ 5.50 as to weight and quality, roughs \$6.90 down. Buyers discriminating against grassy half fat hogs. Market closed slow.

Sheep and Lambs—Receipts 6,320, for three days 18,931. The market was slow in opening, but strictly prime lambs held steady, the best selling at 8 1/2c; seconds 6 @ 6 1/2c; fat sheep slow at 4 @ 4 1/2c for the best, heavy sheep hard to move. Cull lambs plentiful and slow at 3 @ 5c. The big packers were indifferent today, and held off, trying to buy lambs lower.

St. Louis, June 24.—Cattle—Receipts, 3,000, including 1,000 Texans. Steady to strong. Native steers, \$4.50 @ 7.20; cows and heifers, \$3.40 @ 7.00; stockers and feeders, \$3.70 @ 4.85; Texas and Indian

steers, \$3.50 @ 6.50; cows and heifers, \$2.40 @ 5.05; calves in carloads, \$5.30 @ 8.05. Hogs—Receipts, 8,500. Sheds lower. Pigs and lights, \$5.75 @ 7.75; packers \$7.50 @ 7.90; butchers and best heavy, \$7.45 @ 8.00. Sheep—Receipts, 4,000. Steady to shade lower. Native muttons, \$4.00 @ 5.40; lambs, \$6.15 @ 8.50.

Louisville Tobacco.

Louisville, Ky., June 24.—The offerings for today on the local breaks follow:

Kentucky warehouse sold 21 hogsheds burley at \$11.75 to \$17.25 and 11 hogsheds dark at \$3.65 to \$3.40. Ninth street warehouse sold 22 hogsheds dark at \$5.35 to \$10.25. Louisville warehouse sold 3 hogsheds dark at \$5.00 to \$7.10.

Dark warehouse sold 76 hogsheds dark at \$4.90 to \$9.20.

The Central warehouse sold 14 hogsheds of dark at \$4.55 to \$10.

The Farmers' warehouse sold 8 hogsheds of dark at \$4.70 to \$8.20.

JOAN AT HARVARD

SCHILLER'S PLAY REPRODUCED ON GIGANTIC SCALE.

Drama of Maid of Orleans Given With Historic Perspective and is Well Maintained.

Cambridge, Mass., June 24.—The experiment of producing Schiller's "Maid of Orleans" beneath starry skies with close approach to the historic detail was carried out with considerable success in the extensive area of the Harvard stadium, by Miss Maude Adams and a company numbering about two thousand persons. The performance was undertaken for the benefit of the Germania museum of Harvard, and the greater part of the working force of the Frohman syndicate was actively engaged in the production.

More than 15,000 persons, massed tier on tier, saw the performance. The beauties of Schiller's lines and the magnitude of the plan of reproduction combined to make the few hours in the stadium a period of intense pleasure.

Perspective is Maintained.

The historic perspective was skillfully maintained throughout, from the little pastoral scene in Johanna's father's home with the flocks of living sheep and actual trees of the forest, to the splendor of the French court, the clash of the English and French arms, the coronation pageant and the death scene in the cathedral. The motley crowds of serfs and valets was made up of Harvard students. Men of the state militia marched as archers and spearmen in the French and English armies. Horse men from militia batteries clattered into the arena in coats of mail of nearly five centuries ago, while able actors in armor tramped the greenward and clashed in duels. Through all the scenes threaded the slim figure of Miss Adams as the French maid, first in a homely peasant's dress, then in brilliant armor and seated on a milk white charger, and finally in the knightly costume, which at last became her shroud.

All is on a Vast Scale.

The scale upon which the scenery was prepared was consistent with the proportions of the amphitheater. A special electric light plant had been installed to supply the hundreds of brilliant lights needed, a great cathedral was erected, background constructed and a realistic forest created. The performance moved with remarkable smoothness considering the immensity of the undertaking, and the fact that opportunity for repeated rehearsals had not been found.

The spoken parts were well taken. The words of the actors could be distinctly heard, despite the great distance of the speakers from the audience and the absence of acoustic devices.

Miss Adams was accorded an ovation at the end of the performance.

Saintliness is measured by service.

IMITATED THE "BLACK HAND"

FOURTEEN-YEAR-OLD CHICAGO BOY SHOT AND KILLED.

Imitated His Cousin in Attempt to Secure \$15,000 From Grocer by Writing Threatening Letter.

HE DIED IN THE HOSPITAL

Chicago, June 24.—Rudolph Brendt, a 14-year-old boy was killed by the police here last night following an alleged attempt on his part to imitate the "black hand" methods and secure money by threatening letters. He was shot just after he had seized a package supposed to contain \$15,000 from his victim.

S. E. Grosfeldt, a wealthy wholesale grocer was the man who agreed to pay over the \$15,000. He received a threatening letter a week ago signed by the "black hand," in which a demand was made for the money under the threat of death. A dummy package was made up, and though Grosfeldt was on hand and detectives were nearby, no one appeared to claim it.

Threats by telephone followed and last night the grocer was again at the appointed place.

As he approached the place the boy stepped out of a doorway and snatched the package and fled. Detective Weinrich, who was across the street, fired two shots. One hit the boy and he fell fatally wounded.

As he lay on the sidewalk he tried to shoot the detective. At the hospital he confessed before he died, naming his cousin Fred Haase, aged 15, in the plot. Haase was standing near at the time of the shooting. He was arrested later. Brendt died at the hospital.

WOULD PAY \$1,200,000.

Standard Oil Hardest Hit By a Corporation Tax.

New York, June 24.—The Standard Oil company would pay the largest tax of all the industrial corporations in the United States should President Taft's plan of taxing corporations 2 per cent of their net incomes become a law. A Wall street authority has estimated that the Standard Oil company would pay \$1,200,000, and that the United States Steel corporation would pay next to the heaviest, being taxable to the extent of \$584,957. The American Tobacco company is third with a possible taxation of \$465,533, and the American Telephone company would pay in about \$362,434. Half a dozen corporations would pay between \$100,000 and \$200,000, while about 32 others would contribute less than \$100,000 each. The total would amount to nearly \$5,000,000.

Terrific Storms Hit Iowa Towns.

Des Moines, Ia., June 24.—A terrific wind storm struck this city and the central section of Iowa this evening, doing much damage to telephone wires and trees. Poles are down in every direction and Des Moines is practically cut off from communication with towns north and west. The rainfall was .59 inches in forty minutes. At Adel considerable damage was done to the fruit and garden crops. Manson reports the heaviest storm of the year with the corn badly damaged. Rockwell City, Boone and Fort Dodge report a heavy wind storm which leveled hundreds of telegraph poles.

A Wall street authority has estimated that the Standard Oil company would pay \$1,200,000, and that the United States Steel corporation would pay next to the heaviest, being taxable to the extent of \$584,957. The American Tobacco company is third with a possible taxation of \$465,533, and the American Telephone company would pay in about \$362,434. Half a dozen corporations would pay between \$100,000 and \$200,000, while about 32 others would contribute less than \$100,000 each. The total would amount to nearly \$5,000,000.

Terrific Storms Hit Iowa Towns.

Des Moines, Ia., June 24.—A terrific wind storm struck this city and the central section of Iowa this evening, doing much damage to telephone wires and trees. Poles are down in every direction and Des Moines is practically cut off from communication with towns north and west. The rainfall was .59 inches in forty minutes. At Adel considerable damage was done to the fruit and garden crops. Manson reports the heaviest storm of the year with the corn badly damaged. Rockwell City, Boone and Fort Dodge report a heavy wind storm which leveled hundreds of telegraph poles.

Wild Pitching Loses.

Cleveland, June 24.—Berger's wild pitching allowed Chicago to score its four runs.

Score.	R	H	E
Cleveland	3	9	3
Chicago	4	8	3
Batteries—Berger and Bemis; Flene and Sullivan.			

Ten Hits in Two Innings.

Boston, June 24.—The locals got ten hits off Chesbro in two innings.

ILLINOIS LEGISLATURE TO MEET NEXT OCTOBER.

Chicago, Ill., June 24.—Governor Deneen will call an extra session of the legislature next October. Legislation of vast importance will be demanded, including the revival of some of the executive's pet measures, which were slaughtered at the session recently closed.

Here are some of the matters which will be called up when the special session is convened:

The deep waterways bill, containing many important revisions; the state charities bill, the corporation act, which Governor Deneen vetoed; a new direct primary law to replace the one which was declared unconstitutional by the supreme court last week.

SITE IS SELECTED.

Monument Former Senator Carmack in Tennessee Capitol.

Nashville, Tenn., June 24.—The site of the present fountain just above the south entrance of the capitol grounds on Cedar street, has been selected by the commission as the location for the Carmack monument, which is to be erected by the Carmack Memorial association at a cost of \$25,000. The commission is composed of joint committees of the legislature, together with the executive committee of the association. They were empowered to select the site in the capitol grounds. An announcement of the design can be selected work will be started. A sub-committee composed of W. H. Webb, E. L. McNelly, Overton Lee, G. H. Armstrong, Allen G. Hall and G. M. Newley has been appointed to consider designs. Models will be submitted by several artists.

Rogers' Place Filled.

New York, June 24.—John D. Rockefeller, Jr., and James Moffatt were elected vice presidents of the Standard Oil company to succeed W. H. Tilford and H. H. Rogers. W. C. Teagle and H. M. Tilford were elected directors.

Do Children Need Alcohol?

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's non-alcoholic Sarsaparilla as a tonic for the young.

SEED TIME HERE IN BIG \$10,000 VOTING CONTEST

Those Who Sow Wisely Will
Reap a "Beautiful
Crop".

This Week Will be Particular-
ly Important.

OPPORTUNITY TIME AT HAND.

VOTING LIMIT.

From this time, until further notice, no candidate will be permitted to cast more than enough certificates, or pink slip votes, to place him more than 5,000 ahead of the leader at the preceding publication of scores.

For instance, if the leader of the entire contest has 20,000 votes to his credit at the last publication of scores, a candidate will not be allowed to vote more than enough certificates to make his score 25,000 in the next publication.

This restriction does not apply to the coupon votes clipped from The Sun or associate papers.

No candidate will be permitted to lead two days in success, unless if any other candidate has enough votes to pass him.

Along about this time of the year, when the poet is wont to sing of gentle June and infuse the somewhat insane query, "what so rare as a day in June"—along about this time of woe and sorrow and a general "I don't careness," the contest man gets to thinking some queer things. That is, they are queer for him. There's something about the heated season that sort of calls him back to earth. You know, or if you don't know, he'll tell you, that he was born and reared on a farm. It wasn't much of a farm, that's true, and it shouldn't be held against the farm, but it's the truth anyway.

Somehow or other he just has a longing to get out in the harvest field and putter around shooting wheat. There's something interesting about wheat. Ask John W. Gates or Mr. Armour or the disappearing Mr. Patton. Did you ever know any-

thing of that feeling? Just sort of want to get out and putter around and fight yourself into the idea that you're busy.

And now that the farmers of West Kentucky are harvesting the wheat crop, which is said to be extremely good for this section, the contest man can't get away from the idea that even in the contest business there is a seed time and a harvest as well as in every other field of human endeavor.

Seed Time Is Here.

There is a seed time and a harvest for about five weeks, candidates in The Sun and Associate Newspapers' great \$10,000 Voting Contest have been looking over the fallow contest fields lying all about them. It has taken some time to prepare the soil. Some merely scratched the surface; others ploughed deeply, but all hope to reap a bounteous—a bumper—crop of votes.

A good many people in the old days used to "broadcast" oats and they got what they thought was a pretty fair crop, but modern methods have eliminated most of that now. Everything is done with as much mathematical precision as time and conditions will permit. That's what the contest man is trying to get at; that is, the candidate in this race who makes the systematic campaign, who will reap the greatest harvest of votes. The haphazard, hurry-up, here-and-there sort of contestants are not going to cut very much "seed" in Kentucky and in August, when this big contest closes.

Get Busy Now.

And this is practically the very beginning of the contest. The ordinary contest doesn't last over six or eight weeks, and because of the complications resulting from the association of outside newspapers, it has taken the majority of contestants all this time to become familiar with all the rules. That's why this is just the seed time. Up to this time no score is so high that a day or two of considerations, intelligently directed effort will not place a late entrant upon an equal footing with the leader of any district.

The present bonus offer (made after two others have expired) is the golden golden opportunity, the contest man has ever had any knowledge of. It is opportunity time with a high "O."

Volumes and volumes have been written about that one little word "opportunity." It's one of the queerest elements that enters into the complex existence of present day Americans. It means everything, or it means nothing. Just as it is handled by different persons. One man's failure, for instance, proves to be another man's opportunity. One man will see an opportunity where another carefully sidesteps it. Some one has hammered it into an axiom that opportunity knocks but once on every man's door, while some maintain that the dawning of each day brings fresh opportunity. Most of us claim that we were away from home when

it called, or that it has passed us by. And so it goes.

Time Is Ripe Now.

It is time to begin to start to commence to think the matter over. A bruntless gentleman of the name of Freeman will "go across" some time Friday, and after that there shouldn't be a thing on earth to interfere with candidates devoting their whole time and attention to this contest. You have plenty of time to enter and win a prize. You know just about how much strength your friends have. You can estimate your own strength and stack it up against theirs. This is a plain, cold-blooded business proposition. There's no sentiment about it. If you have confidence in your own strength, it's time to get into the prize and win. Go about winning the prize that most attracts you.

Just Frantically Hivally.

There is no bitterness about this affair. It isn't a matter of alienating friends. It's just a pure, friendly struggle to see who will win over \$10,000 worth of magnificent prizes; prizes which are worth many times the effort winners will put forth to win them.

Some misapprehensions seem to exist regarding the nomination ballots. But ten of them can be counted for any one candidate. Some candidates are under the impression that every one counts. That's wrong. Kindly fasten all coupons together, either with pins, thread, string, and be sure that all coupons are properly filled out.

And don't overlook this week's opportunity. It isn't going to hunt you down with a club and compel you to accept, but it's awaiting your call. You are next.

Are you next?

Daily Thought.

Out of the agony and throes of individual experience, and national convulsions, there shall come a certain fair as the noonday, quiet as the silent but radiant stars.—Theodore Parker.

We believe the published pictures of Leon Ling must do Elele Sigel an injustice.

The tone of Hon. T. S. Pettit, of Owensboro, in his speech in defense of Kentucky's tax system, that if capitalists don't like our system they may stay out, arouses suspicion of a vague plagiarism on William Allen White's "What's the Matter With Kansas?"

"We do not recall just how many thousands a year the Outlook pays Mr. Roosevelt for his work, but if the monotonous platitudes with which he has edified (?) the public recently are samples of what is to follow the price is entirely too high, no matter what it is," says the Kentucky State Journal. We heard the same sort of criticism of Bryan's lecture at the Chautauque. No wonder people are tired of going to church.

We quite agree with the editor of the Chicago Record-Herald that the value of Dr. Elliot's "five-foot shelf" of best books is not lessened by his critics, who would do well to wait until his full list is made up before questioning his selection. Even the charge that he erred in not adding Shakespeare and the Bible would better be postponed until we see whether the eminent scholar does include them, and altogether we suspect that his critics are only seizing an opportunity to air their knowledge of the names of books. We trust that Dr. Elliot's selections will speedily take rank among the "best sellers."

HOW A LADY DRINKS.

Testimony of expert witnesses on social matters in the Gould divorce trial that Mrs. Gould drank like a lady, raises the troubling question: "How should a lady drink?"

The Louisville Herald pertinently inquires whether the witness referred to quantify or manner, and in the interest of Lucy and Geraldine, who are devouring the newspaper accounts of the proceedings with eye single to the digestion of such facts relative to high life as are found incidental thereto, counsel for the defense should go more deeply into the subject and obtain from the lady's maid and the gentleman's valet the prescribed forms for the consumption of booze practiced in swell society in the east.

Some blue stockings will never that a lady never drinks. Others will be equally positive that they have seen a very decent woman tip a brimming glass of beer and mark a circle of froth around her amber lips, while seated cozily on the back steps of a four-story apartment house.

Perhaps, the investigation, to be made, should go back to the definitions and ascertain in the first place what a lady is. Having defined her, then we might assume that the quantity, quality and manner could be varied according to circumstances and the consecutive number of the drink; for even a lady, in an automobile, for instance, could not be expected to sip the contents of a pint bottle into her system, in the same manner and with the same ease and grace, that distinguishes a similar performance in the privacy of her boudoir, surrounded as she is by all the latest appliances for avoiding the proverbial slip twist the cup and the lip. Neither could she reasonably be expected to manifest the same deliberation and poise in manipulating the nineteenth or twentieth consecutive cocktail, that attended the first drink.

We feel certain that the servants who still remain in the employ of Mrs. Gould, thus qualified their statements that she drank like a lady; and where they disagreed with Mr. Gould's servants, who said Mrs. Gould was beastly drunk, they really meant to convey the impression that Mrs. Gould drank her nineteenth and twentieth consecutive cocktails just as any lady would, who was under the influence of the preceding eighteen.

McCracken county was put to shame, the ends of justice defeated and the law made ridiculous by the suicide of a condemned prisoner in the jail today. Somebody was negligent. Mrs. Caroline Bartlett Crane made certain criticisms of McCracken county institutions, which were never denied; but were resented by the authorities. We are not gratified over this early corroboration of her theories; but we do demand on behalf of social order, which has thus been doubly shocked, first by the crime of murder and then by the defiant act of self-destruction, that an investigation be made. We do not attempt to fix the blame or anticipate the finding of inquisition; but the news of the suicide is certain to be the subject of much comment, and in justice to those officials who are innocent of fault, the blame should be fixed officially.

FIX THE BLAME FOR DEFEAT OF JUSTICE.

VOICE OF THE PEOPLE.

The Evening Sun, Paducah, Ky.:

Hardly an evening passes but we find it necessary to have a big cheerful log fire in our library, where we gather to read The Sun and hear of the doings in Paducah and vicinity. The Sun is the link which binds our thoughts to the loved ones in our southern home and keeps afresh in our minds the scenes of our childhood, which we love so well.

I notice in your last Tuesday's issue where it was 95 in the shade in old Kentucky, and that is sure going some, while here in Denver we are having 70 degrees weather and sleeping under two blankets every night. How does that sound to my many sweetening friends in the dear old commonwealth?

Denver is the ideal summer resort, and the many tourists walking the streets in their overcoats and straw hats, attest the climate they have left behind and what they find here in Denver.

From my office window, the foothills, clothed in green, overtopped by the snow-capped mountains in the distance, is a most beautiful sight, once seen never to be forgotten.

Denver is called the "City of Light," and I would also add it is the "City of Memories."

What is this I hear of the Burlington coming into, and the different interurbans pointing towards Paducah? Encourage all of these projects as their realization will mean much for the growth of not only Paducah but McCracken county and the surrounding country. The head of the Burlington system, James J. Hill, is an empire builder, and if his lines ever touch Paducah it will be as though she were touched with a magician's wand. The Burlington system, when traced on the map, resembles a large spider and it has only been recently that her lines are being extended towards the southland. Do not let any grass grow under your feet.

hold out a glad hand and help the Burlington reach Paducah.

If all of Paducah could take a trip, they would have their eyes opened as to what is being done by other municipalities, and they would then realize the strategic position that Paducah enjoys. Natural advantages should not be overlooked nor should too much stress be laid upon them. Out here we move mountains, if they stand in the way, and the greatest work that is now being wrought in this section is harnessing the mountain streams to provide water for power and irrigation, which will make of this country one vast garden spot and the manufacturing center of this western continent. Our mountains are not only filled with gold and silver, but large deposits of the finest anthracite and bituminous coals are being discovered every day. The only known deposit of anthracite coal outside of the anthracite region in Pennsylvania, lies in Route county, Colorado, and the Union Pacific railway is now building towards these vast beds of black diamonds, which will open the eyes of the world when these mines are fully developed. Even now the products of the farms of Colorado surpass in dollars the amount taken from the mines for which this section has so long been famed, and all of this is being accomplished over unnatural conditions. I have long since thought that Paducah relied too much upon her natural advantages, but when she does awaken and stretches forth a glad welcome, with a come on, we will help you, then you will see a great transformation in that entire region. Opportunities are knocking at your door every day, and the progressive citizens must be awake to grasp them. Don't wait for other cities to get ahead of you, but look well into whatever seems good, then act promptly and with decision. What benefits one in a community will benefit all, so get together, pull together and all will be benefitted together. Yours very truly,

F. L. SCOTT.

STATE PRESS.

Courier-Journal.

Kentucky has lost three excellent men in the deaths of McD. Ferguson, of La Center; John W. Lockett, of Henderson, and Dr. John L. Dismukes, Sr., of Mayfield. In their several lines of endeavor they fulfilled all the requirements of an exalted citizenship and served their state and country well. Their loss will be sorely felt in their respective communities, where they had lived honored and honorable lives, useful to a marked degree and potent for good.

Clinton Gazette.

The death of McD. Ferguson, railroad commissioner for the first district, at his home in Ballard county last Thursday evening, was altogether unlooked for by his thousands of friends scattered throughout the state. It was a surprise that brought genuine sorrow to many, for McD. Ferguson had tied his friends to him with hooks of steel. As an officer of the state he came fully up to the measure of a true and faithful public servant, and among the masses of the people he was regarded with unusual trust and confidence.

Mayfield Messenger.

The death of Hon. McD. Ferguson, railroad commissioner from this district, will bring about the necessity of electing his successor at the coming November election and we may expect the announcement of candidates in a very short time. Judge Bunk Gardner, of this city, is being solicited to become a candidate for the vacancy, but so far he has not said whether he will be in the race or not, but as he is in line for the position his friends think he will within the next few days announce himself. Judge came out of the other race clear and clear of anything unbecoming a gentleman of the highest order and if he concludes to enter the race he will be from the start a prominent candidate.

Louisville Times.

A sturdy old-time Democrat has been lost to the state through the death of Hon. McD. Ferguson, state railroad commissioner from the first district. A loyal friend, who carried friendship to the limits of self-sacrifice; a competent and industrious official; a partisan of an uncompromising thoroughness, Mr. Ferguson possessed besides an endearing personality. He will be sincerely mourned by a large circle.

KILLARNEY

LAKES WHERE PARTY OF TOURISTS MEET THEIR DEATH

Rowboat Swamped In Gale In Irish Lake—Americans and English

Killarney, Ireland, June 24.—A rowboat carrying five American and four English tourists and four Irish boatmen, swamped in a gale while crossing lower Killarney lake yesterday afternoon. All the tourists and two of the boatmen were drowned. The American victims were: Mrs. A. A. Hilton and son, of Tacoma, Wash.; Mr. and Mrs. Longhead or Longhead, Boston; Miss M. H. Catum or Cotum, of Massachusetts, (town not known). None of the bodies were recovered.

The boat was a four oared craft, used for taking visitors about the lake. The party started out yesterday morning, sightseeing. When the lower lake was reached it was found that a heavy wind from the north-west was blowing. Several other boats that had started over the same course put back. It was not long before the boat, when continued on the course, and searchers who put out later discovered her overturned, with two of the boatmen clinging to the keel.

THREE SLAIN

WHEN BROTHER-IN-LAW MIXES IN QUARREL.

Columbus, O., Man Shoots Wife, Her Brother and Himself at His Home.

Columbus, O., June 24.—W. R. Puryear, a machinist in the engineering department of the Ohio State University, this afternoon shot his wife, Mrs. Clara Puryear, and killed his brother-in-law, Fred West, and committed suicide as two policemen rushed into the Puryear home to put out a fire, which Puryear had started to destroy the house. Mrs. Puryear is in a hospital and will recover.

Puryear left a note in which he said his wife had been unfaithful, and that he "was correcting her when her brother heard us fussing and ran in and shot me in the shoulder. I fired at him and Clara joined in taking his part. I shot at both to save myself and now I am shut up in this house, ready to kill myself rather than face the disgrace."

At the hospital the wife declared that her husband had fired first at her; that her brother then had shot at Puryear who turned upon West and shot him.

CHICAGO AUTOS

Kill Three Persons Every Two Weeks on the Streets.

Chicago, June 24.—Automobiles are killing Chicagoans this year at the rate of three persons every two weeks. In 1907 the slaughter was one person every three weeks, according to the police statistics obtained by Alderman Patrick J. Nolan in support of his plan to have fenders placed on all autos.

This data shows that more than twice as many persons have been bumped to eternity by the gasoline wagons in the first five months of this year as were killed in the entire twelve months of 1907. The alderman's table compares the fatal and non-fatal automobile accidents in Chicago during the first five months of this year with all of 1908 and 1907 as follows:

	Fatal.	Nonfatal.
1907.....	15	234
1908.....	23	352
1909.....	31	641

"In the first five months of 1908 there were exactly 15 persons crushed beneath the wheels of the autos as against 31 for the same period of this year," said Alderman Nolan. "If we maintain our rate of slaughter throughout 1909 we will show a record for auto slaughter 400 per cent worse than in 1907. Perhaps that may seem funny to some of our leading automobilists and they will continue to make jests of my plan to have fenders upon the autos."

Baracas Elect Officers.
Asheville, N. C., June 24.—With the election of officers the world-wide Baracas-Philathea Union, which has been in session here since last Saturday, came to an end yesterday. The executive committee will select the next meeting place.

Marshall A. Hudson, of Syracuse, was re-elected president. R. N. Simms, of Raleigh, N. C.; Charles McKenke, of Johnston, N. Y.; Rev. H. M. Hamill, D. D., of Nashville, Tenn.; G. E. Winstead, of Omaha, Neb.; and E. H. Conbers, of Dallas, Tex., were elected vice-presidents. Rev. Frank Anderson, of Millville, N. J., treasurer; L. E. Appleby, of San Antonio, Tex., general secretary; A. S. Hampton, of Detroit, Mich., corresponding secretary; H. L. Walker, of Kansas City, Mo., junior secretary, and F. Mitchell Arnold, of Jacksonville, Fla., secretary of secret service. George E. Hayes, of Louisville, and L. P. Leavell, of Oxford, Miss., were elected district secretaries.

Was Wholesale Killer.
St. Joseph, Mo., June 24.—Police are investigating the murders confessed by William Murphy, a state prison convict, in a letter to his wife. Murphy says he killed six people at various times. The murder of Roy Iden, a butcher, is the only one for which a motive is known. Iden was shot by a burglar. Two other victims were supposed to have met death accidentally. Nothing is known here of other confessed murders.

FREEMAN

(Continued from Page One.)

Should the governor extend a longer period, Dr. Pendley says he will go to Frankfort and present the evidence. This morning a telegram was received: "Freeman's application was refused substantially on his own story and undisputed evidence. After serious thought I cannot postpone and continue the dread suspense on your opinion, without knowing the particulars of the new evidence."

County Attorney Barkley said he was not familiar enough with the facts to determine whether there would be an investigation to ascertain the person who is responsible for Freeman obtaining the drug.

Local attorneys say they are not familiar with any law, requiring the jailer to maintain a death watch over a condemned prisoner. It is a custom that has been generally observed.

Sheriff Ogilvie.
Should Freeman revive from the effects of the poison and have prospects of living until tomorrow, Sheriff John Ogilvie will send a telegram to Governor Willson tonight, stating Freeman's condition, and asking for a respite of several days. Sheriff Ogilvie said: "I want to be as humane as possible, and I would not like to drag the man out in a weak condition, and hang him. I believe I would be following out orders, but I will telegraph the governor tonight, and give him the facts in the case."

Should Freeman revive this afternoon Sheriff Ogilvie will read the death warrant to him.

Was a Wanderer.

Freeman is 29 years old and was born in Fulton, but spent most of his life roving over the country from the southern cotton fields to the western plains. He boasted that he had been in 32 states and that this was his first trouble. While talking yesterday he said he ought to have stayed out in Oklahoma, and he would have been out of trouble. Freeman said his parents died when he was one year old, and he lived with his grandmother until he was twelve years old. He attended school for two years and was in advance intellectually of most of the members of his race. He read the newspapers and wrote intelligible letters, although his spelling was not accurate. His wife lives in Metropolis. He worked at various trades, having worked in cement, picked cotton and labored at lumber and stove mills.

The Crime.
Freeman was sentenced to be hanged for the murder of Esau Cobb, his paramour. The murder occurred March 14, 1906. He was working for a mill in Metropolis when he had a quarrel with the woman. She came to Paducah, and at the trial it was proved he followed her to Paducah. Late in the afternoon of March 14 he seized the Cobb woman drinking beer with another man in the rear of Ed Reynolds' saloon, on Kentucky avenue near Maiden alley. Angered, he drew his pistol and shot the woman, even shooting her as she lay prostrate on the floor.

After the shooting he fled and ran between Patrolmen Johnson and Cross, who chased him. Shots were fired and on North Second street near Jefferson street he turned behind a blacksmith shop. While Patrolman Johnson guarded one exit Patrolman Cross went around the building. Freeman surprised the patrolman and snapped his empty pistol in Cross' face. He was overpowered and after a struggle was carried to the police station.

Yesterday Freeman was talking about the killing and said he was "pretty full" at the time of the trouble, and he denied remembering anything of the killing.

Had Planned Suicide.
Freeman might have had the suicide planned for several days. Sunday the negro was unusually nervous and for the first time exhibited signs

of the straits. However, he denied that he was fearful of the end, but said it was hard to die and know that he did not get justice. He wrote several letters for publication, and it was his protest that the witnesses had it in for him, and that he was not given justice.

Yesterday he was unusually calm and talked freely about the execution, making a wish that he could see the scaffold before tomorrow and said that he wanted to see a picture of it. While talking he said: "I have got a few over 48 hours to live, but in that time lots can take place." It was thought he referred to the efforts to have his sentence reduced, but now it is thought he referred to self-destruction.

Freeman was regarded as a desperate man, and no one was allowed in his cell. Between him and spectators were double bars, and even the Rev. Father H. A. Connolly, who gave Freeman spiritual advice, was not admitted to his cell, but administered the ceremonies of the Roman Catholic church from outside the cell. A short time ago when transferred from the main corridor to a separate cell in the front of the jail a bottle of carbolic acid was found.

Freeman was sentenced to be hanged at the January term of circuit court, and Judge Reed fixed February 25 as the date for the execution. An appeal was taken, but the decision of the circuit court was sustained by the appellate court. Later efforts were made by friends to have the governor commute the sentence to life imprisonment. Governor Willson made a careful study of the evidence in the case and replied that he could not overstep the decisions of two courts and set June 25 as the day for the execution.

Soon after his arrest Freeman began reading the Bible and claimed that he had found peace for his soul. He joined the Methodist church many years ago, but about three weeks ago he joined the Catholic church, and took his first communion yesterday.

**Girl Says Accused Got Her Drunk on
Toddies—What the Mother
Saw.**

Mother and daughter united this
morning in police court, in accusing
Pete Griffin of accomplishing the
aim of thirteen-year-old Nellie Mur-
ray.

Griffin's case was continued for
other witnesses. Nellie Murray the
13-year-old daughter of Mrs. Ora
Murray, of Tyler, said that Griffin got
her drunk on "toddies" and she did
not know what happened afterward.
Griffin denies everything except mak-
ing her several toddies, which she
begged him to make for her.

Mrs. Ora Murray said that when
she came home from the river on
last Sunday morning about 10 o'clock
Nellie and Pete Griffin were in the
house with all the doors shut and
locked from the inside and the win-
dows and blinds down. Mrs. Murray
said that she had to pound at least
five minutes before Griffin opened
the door. She said her daughter was
lying on the bed in the middle room
of the house in a drunken and almost
unconscious condition, with her
clothes partly torn off of her.
Griffin said he did not know who
shut the doors and locked them and
he did not know anything about the
blinds being pulled down; for he
does not sleep when Mrs. Murray
returned from the river.

Beardles-Anderson.

A pretty home wedding was that
of Miss Etta Beardsley and Mr. Eck-
stein Anderson which was solemnized
at the residence of the bride's mother,
Mrs. Samuel Beardsley, 1929 Madison
street, last night at 9 o'clock. The
ceremony was impressively pro-
nounced by the Rev. Grant T. Sulli-
van, of the Broadway Methodist
church, and was witnessed only by
the family and a limited number of
the most intimate friends. The wed-
ding march was played by Mrs. Jack
Houser, a cousin of the bride.

The house was effectively decorated
with plants and flowers. A color-
scheme of white and green was at-
tractively carried out.

The bride looked especially lovely
in a charming gown of white chiffon
laced with baby fish and Val-
lace. She carried a shower bouquet
of white roses and sweet peas. She
entered with the bridegroom. There
were no attendants.

After an informal reception Mr.
and Mrs. Anderson went to the resi-
dence of the bridegroom's parents,
Mr. and Mrs. William T. Anderson,
in Arcadia, where they will make
their home.

The out-of-town guests to the wed-
ding were: Miss Mary Hill, of Hol-
denville, Okla.; Mr. and Mrs. W. B.
Mallotte, of Mayfield, and Miss Mamie
Beardsley, of Wingo; Mr. B. C. Beardsley,
of Little Rock, a brother of the
bride.

The wedding of Miss Norma B.
Lichtenstein, of Denison, Tex., and
Mr. Aaron David Desberger, of this
city, on Wednesday afternoon at 3:30
o'clock at the home of the bride's
aunt, Mrs. J. E. Fels, 320 Jefferson
street, was a beautiful event. The
house was elaborately decorated with
palms and the wedding colors, pink
and white were carried out artistic-
ally. The flowers were pink and white
sweet peas. The doors between the
hall and parlor were a lattice-work of
similax. The ceremony was attended
only by members of the family.

The bride descended the stairs to
the music of Mendelssohn's wedding
march, played by Misses Lucile Well
and Almee Dreyfuss. She was pre-
ceded by her matron of honor, Mrs.
Louis Rubel, her cousin, and little
ribbon bearers, Miss Marie Desberger
and Stanley Sieber, of St. Louis.

At the foot of the stairs they were
met by Mr. Desberger and the party
advanced to the altar in the parlor
along a line formed by the ribbon
bearers. The altar was a bank of
palms and the ceremony was pro-
nounced by Rabbi Meyer Loytch, of
Temple Israel. During the cere-
mony Miss Ruby Michael played "I
Love Thee" on the violin.

The bride was gown in a charm-
ing costume of white lace and net.
She wore a tulle veil caught with
orange blossoms and carried a shower
bouquet of bride roses and sweet
peas. Her only jewel was a hand-
some diamond pin, the gift of the
groom.

The ceremony was followed by a
reception from 4 to 6 o'clock, which
was an attractively appointed affair.
The dining room was beautifully de-
corated with palms and sweet peas.
The chandelier was twined with simi-
lax. The table was covered in a Cluny
lace cover. The center piece was a
heart formed of sweet peas. The
mints and leas were pink and white.

Mr. and Mrs. Desberger left at
6:15 o'clock last evening for the
bride's home in Denison, Tex., to
visit her parents. Her traveling com-
panion was a brown suit with hat,
gloves and shoes to match. After a
short visit at Denison they will go
east for a trip and return to Paducah
to make their home.

The bride is a charming young
Texas girl. She is the daughter of
Mr. and Mrs. Albert Lichtenstein, of
Denison, and has been visiting her
aunt, Mrs. Fels, for several months.
She has many friends in Paducah.

Mr. Desberger is one of Paducah's
substantial business men. He is a
junior partner of Desberger Bros.,
proprietors of the Grand Leader
clothing store. He is an enterprising
young man with a host of friends.

Louisville Pilot Dies in Louisiana.

Vidalia, La., June 24.—Joseph
Clinton Aust, 70 years old, a native
of Louisville, died here today. For
more than half a century he has been
pilot and master on the Ohio and Mis-
sissippi rivers, his first vessel being
the steamer Florida in 1867. In
1860 he was engaged on several
boats of the Cincinnati and Louisville
mail line. He was chief engineer of
the Fort Queen in 1862 and held her
throttle April 15 of that year; when
the boat with three others success-
fully ran the blockade at Vicksburg
and transported Grant's army across
the river.

SENATE WORKED FAST YESTERDAY

FINISHED LUMBER AND VOTE ON PINEAPPLE DUTY.

The Duty Is Raised on the Fruit, Amendment By Tallferro, of Florida, Being Adopted.

DEFEAT FOR THE COMMITTEE.

Washington, June 24.—In unexpected short order the senate took up and disposed of the lumber schedule and then entered upon a discussion of pineapples, ending with the adoption of Tallferro's amendment increasing the duty. This was a defeat for the committee on finance.

Calling up the tariff bill immediately after conversing, Aldrich asked that the lumber schedule should receive first attention. He had no sooner taken his seat than McCumber, who in the interest of the treeless northwest, has been a persistent advocate of free lumber, presented an amendment reducing the finance committee's rate of \$1.50 per thousand on sawed lumber to the house rate of \$1. This was generally recognized as a test proposition, as sawed lumber has been the bone of contention from the beginning. The North Dakota senator did not find it worth while to enter into any argument in support of this provision, but permitted it to go directly to a vote.

The result was against him, and was another triumph for the Aldrich rates, the vote standing 24 in favor and 41 against a reduced rate. Party lines were completely obliterated on this vote.

Another test came on the proposition to make the rate \$1.25 a thousand on lumber with a general charge in differentials, and on this vote the finance committee was also liberally supported. The entire wood schedule making reductions of about 25 percent from the present rates and increasing the house rates on the pending bill to about the same extent, was then agreed to.

Sailing was not so smooth when it came to pineapples. The contention in this connection was for higher rates and came from Democratic sources. The objectors in this case were Tallferro and Fletcher, of Florida. The house had fixed a duty of 8 cents per cubic foot on pineapples in barrels and \$5 a thousand, but the senate committee reduced this rate to seven cents and \$7 respectively, thus restoring the provisions of the Dingley law.

Tallferro presented an amendment restoring the house rate of eight dollars a thousand but changing other portions so as to require the payment of half a cent a pound for pineapples in bulk. The contention was for and against this increase, and the fight was mainly between the Florida senators, representing a pineapple producing state, and Smith and Rayner, of Maryland, in whose state there are large pineapple canning establishments.

Disavowing all championship of the canners the Maryland senators made a strenuous fight on general principles against the increase of duty. Rayner charged the Republican party with bad faith in promising to lower the tariff duties. Tallferro's amendment was adopted 34 to 20.

Half of the members of the committee on finance voted for the Florida senator's amendment.

The close of the day as well as the beginning of it presented its surprise in the completion of the coal schedule.

It had been expected that this schedule would be debated at great length but it passed after little more than an hour's discussion. The new schedule was presented by Aldrich reducing the house rate on bituminous coal from 67 cents a ton to 60 and eliminating the house reciprocity clause.

Numerous attempts were made to reduce the rate and there was an effort to obtain free coal, but all were voted down and the committee's scale retained.

How Judges of Court of Appeals Will Spend Their Summer Vacations

During this year so far the judges of the court of appeals decided 629 cases, 326 during the January term and 313 during the April term. The appellate court has now adjourned until September 20. Three months will be spent in rest and recuperation. To be a judge of the court of appeals in Kentucky, and to become its chief justice, is the ambition of practically every lawyer in the state and the job is the hardest, and at times the most strenuous of all elective positions in the gift of the people; so that when the hot summer days come, the judges are prepared to say, and truthfully so, "I love my work; but, oh, my vacation!" and no tears are shed when vacation time rolls around.

Chief Justice Settle will spend much of his vacation in his district but his family will remain in this city during the summer. None of the terms of office of the judges expire this fall, so that there will be no election to the appellate bench this fall, but in the fall of 1910 successors to Chief Justice Settle, Judge Nunn, Judge Barker and Judge Lassing will have to be elected. It is not expected that any of the judges will have determined opposition, although favorable sons are being mentioned now and then with every publication of the rural press. Some of the judges, therefore, will spend some of their vacation this year lying up their fences, while others will spend it otherwise.

On Fishing Trip.
Judge Lassing is one of the judges not likely to have opposition at any rate for he is going to spend much of his vacation in a camp on an island somewhere in the Ohio river twenty-five or thirty miles from Cincinnati. He spent much of his vacation on the island last year, and found fine fishing and a great place to rest.

Judge Barker is going to take a summer trip after resting up for a time in Louisville. When he returns to Kentucky he will go up into the mountains where he has large coal interests and spends a part of his vacation. The summer trip will be extended through the lake region, the Rocky mountains, and maybe the Pacific coast.

Judge Hobson will remain in Frankfort and his family will also remain here. He has a large and interesting family. His oldest daughter is just out of college, and his sons are about ready to enter college. They are highly esteemed by the Frankfort social set, and the younger members of the set are especially glad to know that the Hobson family will remain in the city this summer.

Judge Nunn will spend much of his

A Promise to Pay

Would you accept a stranger's note? No. Then why accept from a stranger any other promise to pay? A Fire Insurance policy is such a promise. Ought you to accept it without knowing all about the Company? Your usual business confidence is based on knowledge. Why make an exception in that part of your business which deals with insurance? A name is worth nothing on any kind of a promise to pay unless it is backed by character and resources.

We favor insurance knowledge, particularly about our companies. Their promises to pay have never gone to protest. Their obligations to its policy holders are backed with such a good reputation and such ample financial resources that the more you know about them the more you will want protection by their policies.

vacation in his district, which contains many ambitious jurists, but they all realize that it would be a tremendous job to sidetrack Judge Nunn. However, Judge Nunn will not rely entirely upon his popularity, but will go into his district to see his friends and fix up for the scrimmage if there is to be one. He is not worrying, however, about opposition.

Out Among Old Fellows.
Judge Carroll is the highest Odd Fellow in Kentucky, and much of his vacation will be spent in visiting the lodges of the state, and at his home in Henry county near this city.

Judge O'Neal will spend his summer here at his beautiful home near the city. He will be the busiest of the appellate judges, however, for he has a farm to look after, and he is down for a speech at some big convention or association almost every week during the summer. He will take part in the whirlwind campaign, he will speak before the Tennessee Bar association, and he has many assignments of such a nature during the summer. Judge O'Neal is one of the most ardent lovers of fine blooded stock of all kinds in Kentucky. He is especially fond of the fine saddle horse, the short horn cattle and the poller sheep and swine. It is pretty safe to predict that he will put in at least one day each week following the fair circuit when the fairs begin, for that is the highest privilege of Kentuckians who love stock and live in the bluegrass, because the best in the world are seen at these fairs. Judge O'Neal is a farmer as well as a jurist.

May Be Standard Bearer.
Judge Clay, the court commissioner, like Judge O'Neal, has many engagements during vacation. He is one of the most eloquent and brilliant speakers in Kentucky, inheriting much of the richness of voice and eloquence from the Clay side of his family. He will take an eastern trip in the meantime, and spend the remainder of his vacation at Lexington. The eyes of many Democrats in Kentucky will rest on Judge Clay this summer, fall and winter, for he may be chosen to carry the banner of Democracy in the next gubernatorial contest. He has been spoken of for such a place, and it is generally conceded that he would at least make an available candidate.

The officers of the court with the exception of the clerk and his deputies will spend their vacations at their homes, which will scatter them all over the state.

HUMORS IN THE BLOOD

When the blood is pure and healthy the skin will be soft, smooth and free from all eruptions or disease, but when the circulation becomes infected with any unhealthy humor the effect is shown by eruptions, pimples, boils, or some more definitely marked skin disorder, such as Eczema, Acne, Tetter, Psoriasis, Salt Rheum, etc.

Humors get into the blood, usually because of an inactive or sluggish condition of those members whose duty it is to collect and carry off the waste matter and refuse of the system. This unhealthy matter is left to sour and ferment and is absorbed into the blood, and soon the circulation becomes filled with an acrid, irritating humor.

The blood then, instead of performing its natural duty of nourishing the skin, regulating its temperature and preserving its uniform softness, pliability and healthfulness, irritates and diseases the delicate tissues and fibers around the pores and glands and produces some of the various forms of skin eruption or disease.

The cause of all skin affections can be traced to some kind of humor in the blood. Healthy cuticles are only possible where the circulation is pure; and therefore the cure of any skin disease can only come from a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., cannot cure. True such treatment relieves some of the itching and discomfort, helps to reduce inflammation, and aids in keeping the affected parts clean, but it does not reach the blood, where the real cause is located, and at best can be only palliative and soothing.

S. S. S. cures skin diseases of every character and kind because it purifies and cleanses the blood. It goes down into the circulation and removes the humors that are causing the trouble, builds up the weak, acrid blood, and completely cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils, and all other skin diseases and affections. S. S. S. is made entirely of roots and herbs, a safe vegetable remedy.

When S. S. S. has driven the humors from the blood, and cooled and purified the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood, and comfort is given to disease-tortured skins.

S. S. S. cures Poison Oak, Poison Ivy, Nettle Rash, and all other troubles due to a humor-laden blood. Book on Skin Diseases and any medical advice free to all who write. S. S. S. is for sale at all drug stores.

in the house today by Representative
Humphrey of Washington, and in
the senate by some friend of the ship
subsidy probably Senator Gallinger.

Spencer Cannon was a guest of
honor at a dinner last night and
President Taft gave encouragement
to the promoters of the measure by
dropping in upon the dinner shortly
after 9 o'clock and remaining for a
short time. The hosts were the offi-
cials and members of the Merchant
Marine league, headquarters at
Cleveland, Ohio.

The avowed purpose of the dinner
was to persuade Taft, Cannon and
other Republicans that the Hum-
phrey bill should be made a part of the
Republican legislative program next
winter. The officials of the league
explained the details of the organiza-
tion with the members in two hun-
dred of the three hundred and nine-
ty-one congressional districts to cre-
ate a southern in behalf of Hum-
phrey's bill. They offered to turn this
organization to the advantage of the
Republican party in the next cam-
paign.

Two novel features of the Hum-
phrey bill are free ships and a new sys-
tem for tonnage taxes.

Under the proposed law the Amer-
ican registry will be granted foreign
built ships of 5,000 gross tons or
more wholly owned by Americans.
These ships are to be restricted to
foreign trade or trade with the Phil-
ippines and the Hawaiian Islands
and are to be barred from coastwise
trade and from mail compensation
under the act of 1891, or the Hum-
phrey act.

Tonnage taxes in the waters of
this hemisphere are to be reduced
while the tonnage in the trans-At-
lantic trade and eastern trade will
be materially increased.

The reciprocal law relating to ton-
nage is repealed. This will mean an
increase of a million dollars in ton-
nage taxes to be paid by foreign ship
owners and it is expected to decrease
the tonnage taxes now paid by
American ships which trade is chief-
ly in local waters.

The Sacred Cat.

"Pierpont Morgan lunched with me
at Asson during his trip up the
Nile," said a Chicagoan. "He ad-
vised me to beware how I bought
eggs. They are apt to be bogus,
you know."

"He said a fellow sold a New York
girl one morning the mummy of a
sacred cat. The girl paid some 50
or 60 piastres for it. That's \$10 or
\$12. A piastre's a nickel."

"After the fellow had gone the New
York girl, pleased with her purchase,
poked a small hole in it. A bit of
parchment-like stuff came out. In-
fact, a bit of paper, on which could
be distinguished the printed phrase,
"passionate kisses."

"Curious, the girl continued her in-
vestigations to the end. This sacred
cat supposedly 5,000 years old, turned
out to be stuffed with the pages of

Hays & Miller Bros.

Dear Sirs:—We are delighted to
add our testimony to the virtues of
Hays' Specific. We lead a sedentary
life, which causes us to have consti-
pation, rheumatism and stomach
trouble. For years we have looked
for a remedy, but in Hays' Specific
we have found a cure. So far it has
not failed on a single man and
twenty-eight have taken it. We have
also recommended it to many of our
friends, and know of no failures.
This is putting it strong, but we stand
ready to make affidavit to this testi-
monial, for the benefit of any who
doubt it.

NO MORE GRAY HAIR.

It is easier to preserve the color
of the hair than to restore it, al-
though it is possible to do both. Our
grandmothers understood the secret.
They made and used a "sage tea,"
and their dark, glossy hair long
after middle life was due to this
fact. Our mothers have gray hairs
before they are fifty, but they are
beginning to appreciate the wisdom
of our grandmothers in using "sage
tea" for their hair, and are fast fol-
lowing suit. The present genera-
tion has the advantage of the past
in that it can get a ready to use
preparation called Wyeth's Sage and
Sulphur. As a scalp tonic and color
restorer, this preparation is vastly
superior to the ordinary "sage tea"
made by our grandmothers, and it
can be bought for 50 cents and \$1 a
bottle at almost any first-class drug
store, or will be sent direct by the
Wyeth Chemical Company, 74 Cort-
landt St., New York City, upon re-
ceipt of price.

For sale and recommended by W.
J. Gilbert.

WHAT OF THAT?

Tired? Well, and what of that?
Didst fancy life was spent on beds of
ease,
Or seeing rose leaves scattered by the
breeze?
Come, rouse thee! work while it is
called today!
No laggard bel go forth upon thy
way!

Lonely? And what of that?
Some must be lonely! 'tis not given
to all
To feel a heart responsive rise and
fall.
To blend another's life into one's
own;
Work may be done in loneliness.
Work on!

Dark? Well, and what of that?
Didst fondly dream the sun would
never set?
Dost fear to lose thy way? No dark-
ness yet.
Learn thou to walk by faith, more
sure than sight;
Thy steps will guided be, and guided
right.

Hard? Well, and what of that?
Didst fancy life one summer holiday,
With lessons none to learn, and
nought but play?
Go, get thee to thy task! Conquer
or die!
It must be learned! Our patience thou
rely.

No help! Nay, it's not so!
Though human help be far, thy God
is nigh,
Who feeds the ravens, hears his chil-
dren cry.
He's near thee, wheresoe'er thy foot-
steps roam,
And He will guide thee, light thee,
help thee home.

The Bright Side.

A certain lady prides herself upon
always looking at the bright side of
things. "My dear," moaned her hus-
band one day recently, as he tossed
restlessly on his bed. "It's the doc-
tor I'm thinking of. What a bill his
will be!" "Never mind, Joseph,"
said his wife. "You know, there's the
insurance money."—Belman.

LITTLE HOPE

EVANSVILLE TRACTION COM-
PANY "STANDING PAT."

Efforts of Labor Commissioners En-
tire—Injunction is
Sustained.

Evansville, Ind., June 24.—State
Labor Commissioner Charles R. Woer-
ner and Harry Slough spent the day
here in an effort to settle the street
car strike, but they were unable to
accomplish anything tangible. They
spent several hours in consultation
with Vice President Henry W. Mar-
shall and other officials of the Evans-
ville and Southern Indiana Traction
company, but the officials maintained
the "stand-pat" position that they as-
sumed at the beginning of the strike,
saying that they had nothing to ar-
bitrate.

It now seems certain that the only
way to end the strike is for the men
to return to work on individuals and
waive all claims to the recognition of
the union. The company says that it
will take some of the old men back,
but claims there are a few they would
not re-employ under any circumstan-
ces.

The state labor commissioners met
Organizer Ben Commons, but accom-
plished nothing. State Labor Com-
missioner Slough stated that he did not
expect the company to make any con-
cession, and said he saw little hope
of bringing the strike to an end.

The injunction issued today by
Judge C. A. DelBriener, of the circuit
court, was sweeping, and union men
were not expecting it. The restrain-
ing order was not modified in the
least and denied the union men the
right to even ask people to remain off
the cars. Since the injunction the
strikers are talking of starting a
newspaper in which they can fight
their battle, contending that they
would be permitted to say many
things in the newspaper that might
be construed as contempt of court
should they resort to handbills.

Since the restraining order was is-
sued two weeks ago there has been
little or no violence reported to the
police, and extra men have been tak-
en off their beats. The city is quiet
and a stranger would not know a
strike is on here.

TRIBUTE TO MR. FOX.

The following resolutions were
adopted by the Broadway Methodist
church:

Prof. E. A. Fox, state secretary of
the Kentucky Sunday School Union,
died in Louisville, Ky., June 7, 1909.
Prof. Fox was superintendent of the
Broadway Methodist Sunday school
from 1892 to 1899. He had long
been connected with our city's public
schools as teacher and principal, and
his thorough scholarship and con-
scientious devotion to duty were well
attested. But it was in the Sunday
school work that he came into his
own. By his initiative, this school
emerged from the prolixious mass
into a well organized graded school.
The old style "Infant Class" disap-
peared and the "Primary Depart-
ment" spring into being (with its
delightful features).

Well do all remember the arduous
labors of Prof. Fox in endeavoring to
give us a knowledge of the Bible as a
book and to impress us with the
spirit and plea of its lessons. It
was in this field that his genius was
discovered and developed in which
lead to his retiring from the public
school work and devoting his life to
the Sunday school cause in its broad
sphere.

The quiet self-sacrifice, devotion
and ability of Prof. Fox was fully
appreciated by the Broadway school
as was evidenced by this body when
he severed his relation to us as su-
perintendent, to move to Louisville to
take up his new work. On that oc-
casion not a few tears were shed and
all hearts felt keenly the parting of
affectionate ties.

Therefore be it resolved that in
the death of Prof. E. A. Fox, Broad-
way Methodist Sunday school has lost
a great friend and that this school
joins the great body of Christian
workers wherever Prof. Fox was
known, in expressing our sad regrets
at his death and our determination
to emulate his Christian example.
Resolved further that we extend to
his beloved family our sincere sym-
pathy in their great loss and offer our
prayers to God for their best wel-
fare.

Submitted in Christian love by C.
B. Hatfield, Sam T. Hubbard, John F.
Robinson, and adopted unanimously
by Broadway Sunday school, this
June 13, 1909.

Men, Are You Hot?

There are lots of men who know of the sound bargains we offer in "Furnishings;" there are hundreds who do not. If you are one of the "don't care" kind send the wife—she knows values and will save your money for you.

Now to the Question Are You Hot?

We are offering the kind of goods that will keep you cool.

Knee length drawers and athletic shirts are 35c; all the magazine advertising on earth can't make the 50c ones any better than these.

Open mesh shirts and drawers at 25c each. The shirts are short sleeve—the drawers are made with double seat.

"Soft" shirts with collar on—in light blue and pongee colors—at 50c. Your wife will appreciate the value if you don't.

Collars—all styles—10 each of \$1.10 a dozen.

Suspenders—the kind you'll expect to pay more for—at 25c and 50c.

Sox—an endless chain of good values at 8 1-3c, 10c, 12 1-2c, 15c and 25c.

Neckties—you've been paying 50c for them—they are here at a quarter.

Boston Garters, 18c—how does the price strike you?

"Midget" Garters, not much larger than—well, they're extra small, but deliver the goods.

"O. K." Collar Buttons—you can't buy a better one at 25c—they're 5c each. We guarantee every O. K. button to give you satisfactory wear or your money back.

These are mere samples from our large stock of men's fixings. Come and let us show you.

COMPLETE POLL OF THE SENATE

WILL BE TAKEN BY ALDRICH ON
TAYLOR'S TAX PLAN.

House Will Pass It If Senate Incorporates Provision in Tariff Bill, Say Leaders.

HAS MADE CANVASS OF HOUSE

Washington, June 24.—Before the senate takes up the president's program for the taxation of the net earnings of corporations the leaders will know how every member intends to vote. The most careful poll that can be made will be in the hands of Senator Aldrich and will be communicated to the president.

From indications so far it appears that the members of the finance committee were justified in assuring the president as they did, that the measure would be adopted. Representative Dwight, Republican whip of the house, promised the senate leaders that if the senate incorporates the corporation tax plan in the tariff bill the amendment will be retained by the house. It is supposed that he based his statement upon a canvass of the house.

The fact that the Republican house leaders, including Cannon and Payne, assured the president that the corporation tax amendment would meet with favor in the house is said to preclude the possibility of defeat there.

The supporters of the Bailey-Cummings income tax amendment, which the president's plan is expected to supplant, have not abandoned their intention to obtain a direct vote on the income tax question. If their amendment is displaced it is likely that practically all Republicans will vote for the corporation tax.

News of Theatres

At Wallace Park.
The new picture, entitled "On the Western Frontier," presented for the first time at Wallace Park Casino, last night, was pronounced by those who saw it to be one of the best ever shown in Paducah. It is beautifully colored and portrays a most interesting and romantic story. This picture is presented again tonight. Schuster & Cole and the other vaudeville features continue to please. Tonight is ladies' night, and at both performances a gentleman and a lady, or two ladies, will be admitted on one ticket. And to the first performance, which begins at 8 o'clock, two children are admitted on one ticket. Parents should note this opportunity, as a whole family under these arrangements can witness this excellent performance for a single dime. Mr. Charles Marks, manager of the Third Degree, Wallace park, announces that he has arranged a convenient room and will be pleased at any time to take charge of baskets, etc., for supper or picnic parties. This is an accommodation much desired at the park, and Mr. Marks will give it his personal attention.

MRS. M. L. MEYERS

DIES OF BRONCHIAL TROUBLE
AT DAUGHTER'S HOME.

W. A. Chester, Old Citizen of Brewster's Mill Section, Dies of General Debility.

Mrs. M. L. Meyers, 41 years old, died yesterday afternoon at 5:30 o'clock at the home of her son-in-law, Mr. Herbert Baker, Twenty-seventh and Adams streets. Mrs. Meyers had suffered several months from bronchial trouble, which was the cause of her death. Mrs. Meyers was a native of this county and was a daughter of Mr. and Mrs. James Gish, of Fifteenth and Trimble streets. She had been a resident of this city for about five years. She is survived by two daughters, Mrs. Herbert Baker, Mrs. Anna Brown, of Birdsville, and one son, Mr. Walter Meyers, of Macon. She is also survived by one sister and three brothers and a large number of friends. Mrs. Meyers was a member of the Twelfth Street Baptist church. The funeral will be held this afternoon at 4 o'clock at the residence of her parents, Mr. and Mrs. Gish, of Fifteenth and Trimble streets. The Rev. J. R. Clark will officiate. The burial will be in Oak Grove cemetery.

W. A. Chester.
Mr. W. A. Chester, 82 years old, one of the oldest and best known citizens of the neighborhood of Brewster's Mill, died yesterday at his home of general debility. Mr. Chester had been a member of the Primitive Baptist church about 50 years. He is survived by several children and a number of grandchildren and other relatives. The wife of Dr. E. G. Thomas, of Harvey, is a daughter. The funeral was held this morning and the burial was in the Soldier Creek cemetery. Rev. J. M. Perkins delivered the funeral sermon.

Mrs. Herbert Henschell.
News was received last night by Mr. and Mrs. J. S. Bondurant, 501 North Sixth street, of the death of Mrs. Herbert Henschell, 30 years old, who died yesterday at her home in Cairo. Mrs. Henschell had been ill of stomach trouble for several months. She was the daughter of Dr. A. A. and Mrs. Bondurant, and was married last June. Before her marriage she frequently visited Miss Mary Bondurant. Besides her husband and parents she is survived by four sisters; Mrs. John Bradford, of Union City, Tenn.; Mrs. Clarence Keaton, and Misses Vera and Lou Bondurant, and three brothers; Dr. Flint Bondurant, of Chicago; Louie Bondurant, of Memphis, and Simpson Bondurant, of Cairo.

New York Suffers.
New York, June 24.—The heat wave unabated with eight more deaths. Prostrations crowd the downtown hospitals. Scores of deaths among infants are attributed primarily to humidity.

UNION GRAFTERS AGAIN INDICTED

MADDEN AND BOYLE FACE NEW
CHARGE OF EXTORTION.

Dynamited Building of Chicago Clothing Dealer Because He Refused to Have Wiring Done by Union Men.

DEMANDED \$250 FROM HIM

Chicago, June 24.—The methods of Martin B. Madden, president of the Associated Building Trades of Chicago, and his associates in collecting graft money from Chicago business men, was brought to the attention of the grand jury again with the result that an indictment was issued against Madden and M. J. Boyle, former business agent of the Electrical Workers' union.

Madden, Boyle and F. A. Pouchet, recently were convicted of extorting \$1,000 from a manufacturer.

The latest indictment was based upon evidence given by Isaac Ettelson, proprietor of a men's furnishing store on the north side whose store was dynamited after he had refused to heed two warnings to have the work on his store done by union electricians.

The day after the explosion Ettelson says he went to a saloon where Madden made his headquarters. There he met Boyle and Madden. Boyle told him he would have to tear out all the electrical work done and replace it by union labor.

Madden demanded \$250 cash in addition, Ettelson declared. Ettelson refused to pay the money and had no further trouble, for at that time the state's attorney was beginning his investigation of Madden.

Big Bank Merger.

when you have the opportunity to have a suit cut and tailored to your own measure and in accordance with your own taste, for a price which many a tailor has to pay for making alone—and we are not doing it for charity either. We are simply giving our patrons the benefit of our savings by buying and making big quantities. As a matter of fact, most of the cloth we handle would bring nearly as much profit by selling it wholesale direct to other merchant tailors as we make by selling it made up to measure for \$15. A visit to our store will be a pleasure to us and of benefit to you. COME AND BE CONVINCED.

The Dick Fowler will run a moon-

light excursion Friday night to Smithland and return.

Capt. James Tyner, Jr., of Nashville, was in the city this week and in speaking of the Tyner line operating boats in the Cumberland, he said that the line was on the lookout for a boat to charter for the Cumberland trade to finish out this season. Captain Tyner said that a contract would be let very soon for the building of a new boat for the Cumberland river trade. The new boat will be completed and will start in the Paducah-Nashville trade at the beginning of the next good water season. The boat will be a little larger than the H. W. Buttort, which was used by the Tyner line, built for carrying a big cargo of freight and for the accommodation of a large number of passengers.

Official Forecasts.

The Ohio, at Evansville and Mt. Vernon, will continue falling during the next 36 hours. At Paducah and Cairo, will continue falling for several days.

The Wabash, at Mt. Carmel, will continue falling during the next several days.

The Tennessee, from Florence to below Johnsonville, no material change during the next 36 hours.

The Mississippi, from below St. Louis to Cairo, not much change with a falling tendency, during the next 36 hours.
